Summary

Frontend developer with experience building responsive **React.ts/Next.js** applications. Completed and deployed personal projects including a portfolio site and a Tic-Tac-Toe game based on React best practices. Currently expanding into full-stack development with Express, databases, and authentication features.

EDUCATION

Chulalongkorn University   2020 - 2024
Bachelor of Engineering in Civil Engineering

TECHNICAL SKILLS

- Frontend: React, Next.js, Redux, Tailwind, HTML5, CSS3
- Backend: Node.js, Express.js, JWT, Stripe
- Databases: MongoDB, Mongoose ORM, PostgreSQL, Prisma ORM
- Languages: JavaScript, Typescript, Java, Python, SQL, R
- Tools: Git, Docker, Postman

PROJECT EXPERIENCE

Portfolio - Live Demo | GitHub
- Built and deployed a personal portfolio using Next.js and TailwindCSS.
- Designed a responsive layout optimized for both desktop and mobile.
- Integrated smooth navigation and section tracking for better UX.

Tic-Tac-Toe Game - Live Demo | GitHub
- Implemented React state management to track game history and player turns.
- Designed a responsive, mobile-friendly UI with accessibility in mind.
- Added keyframe animations to improve user experience and interactivity.
- Built with a focus on clean component structure while learning React fundamentals directly from the official documentation.
